Customer Billing & Services FAQ

1. Understanding Your Monthly Bill

Your monthly bill consists of three main components: your base plan charge, any additional services you have subscribed to, and usage charges that exceed your plan limits.

The base plan charge is fixed and billed on the same date every month. Additional services such as extra data bundles, international calling packages, and device insurance are billed separately and appear as individual line items on your invoice.

Usage charges apply when you exceed your included allowances. For example, if your plan includes 10GB of data and you use 12GB, the additional 2GB will be charged at the out-of-bundle rate of €0.50 per 50MB.

2. Why Is My Bill Higher This Month?

There are several common reasons your bill may be higher than usual:

- International roaming charges — if you travelled abroad and used your phone, roaming charges apply.
- Data overage — you exceeded your monthly data allowance.
- Premium rate calls — calls to 0900 numbers are charged separately.
- One-time activation fees — if you added a new service or device this month.
- Late payment fee — a €2.50 fee applies if your previous bill was paid after the due date.

3. International Roaming Charges

Odido offers roaming services in over 180 countries. Charges vary depending on your destination:

Zone	Calls (per min)	SMS (each)	Data (per MB)
EU/EEA Countries	€0.19	€0.06	€0.20
Zone 1 (USA, Canada, Australia)	€0.49	€0.10	€1.50
Zone 2 (Asia, Middle East)	€1.20	€0.15	€3.00
Zone 3 (Africa, Rest of World)	€2.50	€0.25	€5.00

To avoid unexpected roaming charges, you can enable the Roaming Budget Alert in the My Odido app. You will receive a notification when you reach 80% of your set roaming budget.

4. Data Plans and Overage Charges

Odido offers four main data plans:

Plan Name	Monthly Data	Monthly Price	Extra Data Rate
-----------	--------------	---------------	-----------------

Basic	5 GB	€19.99	€0.50 per 50MB
Standard	20 GB	€29.99	€0.50 per 50MB
Premium	Unlimited	€44.99	No overage
Business Pro	Unlimited + 10GB EU	€59.99	No overage

Data speed is reduced to 512 Kbps after you exhaust your monthly allowance on Basic and Standard plans. You can purchase a 1GB data top-up for €3.99 at any time through the My Odido app.
